Master of Science in Finance

Central South University (CSU), China **08/2010 - 06/2014**
Bachelor of science in Applied Mathematics

RESEARCH INTERESTS

My research interests are in the areas of online community, social media, social network analysis and user generated contents. My research aims at deriving insights to facilitate interactions and transactions among various actors in IT-enabled platforms. In particular, I combine econometric analyses, survey methods, and machine learning to study the relationships between digital content and engagement behaviors in business pages on social media.

JOURNAL PUBLICATIONS

Wang X, Parameswaran S, Bagul D, Kishore R. “Can Online Social Support be Detrimental in Stigmatized Chronic Diseases? A Quadratic Model of the Effects of Informational and Emotional Support on Self-Care Behavior of HIV Patients.” Forthcoming at *Journal of the American Medical Informatics Association*.

CONFERENCE PAPERS

Wang X, Parameswaran S, Bagul D, Kishore R. “Does Online Social Support Work in Stigmatized Chronic Diseases? A Study of the Impacts of Different Facets of Informational and Emotional Support on Self-Care Behavior in an HIV Online Forum” *International Conference on Information Systems (ICIS), Seoul, Korea, 2017*.
